**Satellite Overview Of Manson Park
 With Proposed Marketplace Tent Outline**

The **Central Maine Egg Festival** - the Craft Tent has been transformed into the **Egg Festival Marketplace**.

From lessons learned in past years... combined under and around one huge tent will be both Artists/Crafters and Commercial Vendors.

Marketplace Days...

They are four plus hours each, Thursday and Friday nights, for our vendors to be a part in the festivities taking place on the grounds. Thursday and Friday nights the Midway opens... games, food and fund-raising booths open for the Festival.

"M" spaces are those facing the midway area of the Festival. These are reserved for those vendors who wish to take part in Thursday and/or Friday nights of the Festival. Vendors can also keep these spaces for Saturday as well - no moving needed.

"C" spaces are Inside Tent Non-Craft/Commercial Vendor spaces.

"I" and "O" spaces are Inside and Outside the Big Tent. The Tent edges are bordered by the **thick black line** on the map. Outside spaces are either Artist/Crafter OR Commercial Vendors.

This map is NOT to scale and the tent size is preliminary. Please reserve your space BEFORE the deadline. Once the tent is up, we are limited by the space and tent we have. As past years have shown, even though we think we know the location and tent size going into the new year, when set up of the Festival begins those things CAN CHANGE!!!

Thank you...

Come Enjoy the Egg-citement!!
